

December 15, 2013

Dear Permit Holder:

The police department is making changes to the yearly alarm permit renewal process. The application and renewal application will be made available to you online at www.cityofadams-wi.gov . Click on "Government", "Police Department", "Forms". The application/renewal should be completed in its entirety including post office box if applicable. The form with your payment should be returned to the police department.

A paper permit for you to display will no longer be issued by this department.

If you have any question you may contact me.

Professionally,

Bret B. Anderson
Chief of Police
